For the best profile... anywhere

The VEKA Infinity System

The VEKA Infinity System combines the highest levels of technology and style that you would expect from a VEKA window system, coupled with an environmental conscience, as Infinity profiles contain up to 80% recycled content, dependent on window style. Extruded to BS EN12608 extrusion performance standards, Infinity maintains UV stability, cold impact classification and heat reversion to provide the performance of virgin profile, with the social benefits of a recycled product – a must for many projects in the commercial marketplace, and brought to you by the first windows systems company to establish a PVC-U recycling plant.

The choice of specifiers:

Suite of profiles with the reassurance of the VEKA brand – the most specified profile in the world.

The choice of fabricators:

Fully compatible with the Matrix 70 system – existing manufacturing and component parts can be used.

The choice of installers:

A strong and positive sales message to take to environmentally conscious homeowners, coupled with classic bevelled good looks.

The choice of homeowners:

A wide choice of window styles plus the knowledge that new windows needn't cost the Earth.....

Recycled Specification

The Infinity system is designed in such a way that all recycled material is totally encapsulated within virgin raw material, ensuring the perfect surface finish that all VEKA window system are renowned for.

- All profiles are extruded to BS EN12608
- Recycled profiles containing up to 80% recycled content.
- Perfect quality and colour match for Matrix 70 system, allowing full integration of the 2 systems
- All Infinity recycled profiles are guaranteed for 10 years

virgin skin ensures perfect aesthetics

...Quality windows needn't cost the earth

Classic Good Looks

The Infinity System features classic bevelled good looks to suit any style of property and is available in white. The virgin top skin ensures a perfect exterior finish which is 100% quality and colour compatible with the Matrix 70 suite of profiles.
